0000138560

Dear Hineman,

I am the policy advisor to Commissioner Brenda Burns. We received the email you sent last week and fully sympathize with the plight facing you and your fellow ratepayers. The Sabrosa Water Company case is set to be heard, at the commission, tomorrow morning. Unfortunately, Commissioner Burns is bound by law to not comment on the case because of Ex Parte rules. Commissioner Burns and her colleagues sit as judges and must weigh all the facts of a case and are prevented from speaking to the issue before all the evidence is heard.

However, we encourage you to state your concerns to the commission as a whole. You can do so by either attending tomorrow's hearing or by participating by telephone. Our office can help arrange either option, per your convenience.

The email you sent has been submitted to the docket for this case and will be part of the record. This response will also be docketed.

My telephone number is 602-542-3622. Thank you for taking the time to contact us and expressing your concerns.

Sincerely,
Thomas Galvin
The Policy Advisor to Commissioner Brenda Burns

Ms Burns

There was a meeting in New River tonight led by a Rep of the corporation commission basically telling us of plans of the corporation commission to abandon the people here and leave us with no water. I have lived out here for 26 years and was told 19 years ago when the owner of Sabrosa fled that I could not drill a well, that if I did that a meter would be put on the well. We are now out of water. I am paying 300 a month extra for water hauling to Sabrosa. I am now told that I will have to pay 10,000 dollars min for a well. The very well I was told was against the law to drill. There are elderly people on fixed incomes who cannot afford nor have a way to get financing for a well. It fell on deaf ears. We are in crisis mode here. I am asking you out right, if you are for this. I am asking you if you would set up a meeting and talk to us. I am asking if you can get us some kind of government financing or grant. I am asking you if you could talk to Governor Brewer on our behalf to get help.

If you read this thank you for taking the time to read this.

Regards

Timothy Hineman
